What's my story?

- I'm a highly-skilled technician & tech manager.
- I have championed and led many long-term projects, both greenfield and established.
- I am passionate about:
 - *effective & purposeful* application of tech;
 - helping others realise their full potential with satisfaction, even under pressure;
 - delivering enduring solutions within constraints of time, resources, and budget.
- I'm a developer with broad commercial experience across many disciplines & platforms.
- I take a human-centric approach in management, design, production, and customer service.
- Creativity fuels my innovation & artistry, backed by vital full-stack skills in software/system design and development, testing, documentation, deployment, and support.
- I always leave the campground cleaner than I found it.

What do I know?

Languages & Frameworks

- C, C++
- Ruby / Rails
- Python
- Flutter
- Assembly / Embedded
- JavaScript / node.js
- Shell scripting
- PHP

Hardware design & EDA

- Verilog
- KiCad
- OpenLane / Basic VLSI
- Basic CPLDs & FPGAs
- Various microcontrollers

Management

- Projects, teams, scheduling, customers
- Production, maintenance, incidents
- Corporate, HR, hiring, ICT, security

Platforms & Tech

- Unix, inc. macOS, Linux, Cygwin
- Windows (inc. Win32 API)
- Docker & Kubernetes
- VMware, Hyper-V, VirtualBox
- DB2, MySQL, MSSQL, PostgreSQL
- ElasticSearch
- AWS
- Web
- iOS and Android
- Legacy systems

Other Disciplines

- Documentation/Training
- Automation
- System admin
- Test/behaviour-driven design
- Continuous integration
- Reverse engineering
- Print production tech
- Networking/ICT

Creative & Interests

- Video (promos & YouTube)
- Graphic design
- 3D modeling, printing, rendering
- Writing & marketing
- Music composition

What are some things I'm proud of?

- 6 open-source VLSI submissions for IC manufacturing ("tape-outs"): <https://foogle.com/tapeout>
- Creation & launch of "Catapult Edify" assessment editing platform: <https://foogle.com/edify>
- Creation & launch of "Catapult LMS" whitelabel training platform: <https://foogle.com/catapult>
- "Single Source Publisher": Mass content converter, manager, interactive enhancement system dual-targeting online & print inc. redesign of authoring pipeline, animations, & graphic design.
- Production-line system to build/deploy/maintain custom-imaged server boxes for medical clients.
- Managed "Adelaide Motorshow 2003" exhibition's advertising and promotion: production, scheduling, delivery of TV/press/radio/online campaign. Also created the TVC and website.
